### **Part III DETAILED ACTION**

#### ***Notice to Applicant(s)***

1. This action is responsive to the following communications: amendment filed on November 20, 2006.
2. This application has been examined. Claims 34-43 are pending.

#### ***Claim Rejections - 35 USC § 102***

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(e) the invention was described in-

(1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effect under this subsection of a national application published under section 122(b) only if the international application designating the United States was published under Article 21(2)(a) of such treaty in the English language; or

(2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that a patent shall not be deemed filed in the United States for the purposes of this subsection based on the filing of an international application filed under the treaty defined in section 351(a).

4. Claims 34-43 are rejected under 35 U.S.C. § 102(e) as being anticipated by Saito et al. (US Pub No. 2004/0073697).

In regard to claims 34, 36, 38, 40, 42-43, Saito et al. disclose the step of providing a first device (i.e. A device) adapted to be connected to a second device (i.e. B device), and comprising a communicator having a first interface function defined in an asymmetric interface standard (i.e. device side) and operable to communicate at least one of a data file and a control command which causes the second device (i.e. printer) to print an image based on image data, with the second device having a second interface function defined in the asymmetric interface standard (i.e. host side) (see figure 1C, see para 101-104); connecting the second

device to the first device (see para 101-104); judging whether the second device is either a personal computer or a printer operable to perform printing without an aid of a personal computer (see para 101-104); causing the communicator to transmit, to the second device, an image data file containing image data and a control signal causing the second device to print an image based on the image data, in a case where it is judged that the second device is the printer (see figure 22, para 308-312); and causing the communicator to communicate a data file with the second device in a case where it is judged that the second device is the personal computer (see figure 22, para 308-312).

In regard to claims 35, 37, 39, 41, Saito et al. disclose wherein the first interface function is a device side interface function of the USB (see figure 1C) and the second interface function is a host-side interface function of the USB (see figure 1C).

### ***Response to Amendment***

5. Applicant's amendment and arguments, see on pages 2-7, filed on November 20, 2006, with respect to the new claims 34-43 have been fully considered and they are not are persuasive for condition for allowance. Upon further consideration, a new ground(s) of rejection is made in view of same reference of Saito et al.

### ***Conclusion***

6. Claims 34-43 are rejected.

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 C.F.R. § 1.136(a).

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS FINAL ACTION IS SET TO EXPIRE THREE MONTHS FROM THE DATE OF THIS ACTION. IN THE EVENT A FIRST RESPONSE IS FILED WITHIN TWO MONTHS OF THE MAILING DATE OF THIS FINAL ACTION AND THE ADVISORY ACTION IS NOT MAILED UNTIL AFTER THE END OF THE THREE-MONTH SHORTENED STATUTORY PERIOD, THEN THE SHORTENED STATUTORY PERIOD WILL EXPIRE ON THE DATE THE ADVISORY ACTION IS MAILED, AND ANY EXTENSION FEE PURSUANT TO 37 C.F.R. § 1.136(a) WILL BE CALCULATED FROM THE MAILING DATE OF THE ADVISORY ACTION. IN NO EVENT WILL THE STATUTORY PERIOD FOR RESPONSE EXPIRE LATER THAN SIX MONTHS FROM THE DATE OF THIS FINAL ACTION.

8 Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Raymond Phan, whose telephone number is (571) 272-3630. The examiner can normally be reached on Monday-Friday from 6:30AM- 4:00PM.
